Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at .

Safety Plan Vision

Our mission is to provide a safe and secure learning environment that promotes a rigorous curriculum and enables our students to develop the necessary academic, technical, and work-related skills of the 21st century.

Components of the Comprehensive School Safety Plan (EC 32281)

R. Rex Parris High School Safety Committee

Assessment of School Safety

School safety data sources include: suspension and expulsion, law enforcement interventions/crime reports, and staff, student, and community surveys

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Strategies and programs to provide and maintain a high level of safety are outline in the next 10 section of the plan.

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, acting in a professional capacity or within the scope of employment, the mandated reporter has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11165.9, 11166.05, 11167)

Any district employee who reasonably believes to have observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (Penal Code 152.3, 288)

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom the person knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

Reporting Procedures

Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall prepare and either send, fax, or electronically transmit to the appropriate agency a written follow-up report, which includes a completed California Department of Justice (DOJ) form (BCIA 8572). (Penal Code 11166, 11168)

The DOJ form may be obtained from the district office or other appropriate agencies, such as the police department, sheriff's department, or county probation or welfare department.

Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter

The child's name and address, present location, and, where applicable, school, grade, and class

The names, addresses, and telephone numbers of the child's parents/guardians

The name, address, telephone number, and other relevant personal information about the person(s) who might have abused or neglected the child

The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to the mandated reporter. (Penal Code 11167)

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05. (Penal Code 11167)

Internal Reporting

The mandated reporter shall not be required to disclose the mandated reporter's identity to a supervisor, the principal, or the Superintendent or designee. (Penal Code 11166)

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Disaster Plan (See Appendix C-F)

Antelope Valley High School will take all necessary measures to keep students, staff, and visitors safe in the event of a disaster. The site will incorporate strategies of the Incident Command System, evacuation procedures will be mapped out, guidance for emergency responses for a variety of potential hazards and incidents detailed, and will provide opportunities for these responses to be trained and drilled by staff and students alike.

Public Agency Use of School Buildings for Emergency Shelters

Mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare: The Board of Trustees shall encourage the use of its school facilities and grounds and will make them available as a civic center to citizens and community groups for the following purposes, subject to district policies and regulations. The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, and shall cooperate in furnishing and maintaining such services as it deems necessary to meet community needs. (Education Code 48900.7)

Committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2)

Sexual harassment means conduct which when considered from the perspective of a reasonable person of the same gender as the victim, is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment. (Education Code 212.5, 48900.2)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any district school or within any other school district, at any time, including, but not limited to, the following: (Education Code 48900(s))

While on school grounds

While going to or coming from school

During the lunch period, whether on or off the school campus

During, going to, or coming from a school-sponsored activity
Removal from Class by a Teacher and Parental Attendance

A teacher may remove any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been removed. (Education Code 48910)

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

This notice shall also:

Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date

State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student

Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1
Suspension by Superintendent, Principal, or Designee

The Superintendent, principal, or designee may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above. A student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

When other means of correcting a student's behavior are implemented prior to imposing suspension upon the student, including supervised suspension, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

However, the Superintendent, principal, or designee may impose a suspension upon a first offense of he/she determines that the student violated any of items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

In addition, the Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.

Brandishing a knife, as defined in Education Code 48915(g)

Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.

Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4.

Possessing an explosive as defined in 18 USC 921

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee, or the Superintendent with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)

Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

Although the parent/guardian is required to respond without delay to a request for a conference about his/her child's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend the conference. (Education Code 48911)

Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911)

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom (On-Campus Suspension Program)

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to a supervised suspension classroom in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

The supervised suspension classroom shall be staffed in accordance with law.

The student shall have access to appropriate counseling services.

The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.

The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

The Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion." (Education Code 48915)

For all other grounds listed above under "Grounds for Suspension and Expulsion," the Board shall order a student expelled upon recommendation of the Superintendent, principal, designee, hearing officer or administrative panel, only if the Board makes a finding of either or both of the following: (Education Code 48915(b) and (e))

That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

Unless the Superintendent, principal, or designee determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

Causing serious physical injury to another person, except in self-defense.

Possession of any knife as defined in Education Code 48915(g), explosive, or other dangerous object of no reasonable use to the student.

R. Rex Parris High School Incident Command System

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

This plan is based upon the concept that the incident management functions that must be performed by the office and school site staff generally parallel some of their routine day-to-day functions. To the extent possible, the same personnel and material resources

used for day-to-day activities will be employed during incidents. Because personnel and equipment resources are limited, some routine functions that do not contribute directly to the incident may be suspended. The personnel, equipment, and supplies that would typically be required for those routine functions will be redirected to accomplish assigned incident management tasks.

The Incident Commander will be delegated the authority to direct all incident activities until command is passed to appropriate local law enforcement or fire service personnel. In most cases, the Incident Commander will be the Principal. The Incident Commander will establish an incident command post (ICP) and provide an assessment of the situation to the District Superintendent or other designated officials, identify incident management resources required, and direct the on-scene incident management activities from the ICP. If no Incident Commander is present at the onset of the incident, the most qualified individual will assume command until relieved by a qualified Incident Commander or local law enforcement or fire service personnel.

Support personnel and teachers are usually first on the scene of an incident. Staff are expected to take charge and manage the incident until it is resolved or command is transferred to someone more qualified and/or to an emergency responder agency with legal authority to assume responsibility. Staff will seek guidance and direction from local officials and seek technical assistance from State and Federal agencies and industry where appropriate.

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

Step Two: Identify the Level of Emergency

Step Three: Determine the Immediate Response Action

Step Four: Communicate the Appropriate Response Action

Armed Assault on Campus

Active Shooter/ Assailant

At the first indications of a shooting:

Protocol if Outside:

1. Instruct students to drop to the ground immediately, face down as flat as possible.
2. If you are within 15-20 feet of a safe position, duck and run for it.
3. Move or crawl away from gunfire in order to create an obstruction.
4. Keep in mind that though many obstructions may visually conceal you from gunfire, they may NOT be bulletproof and offer protection.
5. Try to get behind or inside a building and stay down.
6. DO NOT peek or raise your head.
7. If possible, call or run to (only if safe!) the office to report the situation.
8. Listen for directions from the Sheriff.

Protocol if Inside Classroom (With Assailant outside):

1. Duck and cover.
2. Keep students inside.
3. Close and lock outside doors to the classroom.
4. Close the blinds, turn off the lights, and stay on the floor.
5. Call the office (if possible) to report location of the sniper.

Office Staff only--At the first indications of a shooting:

1. Duck and cover on the floor.
2. Make phone calls from floor position.
3. Keep students out of danger.
4. Implement a Lockdown to contain students in their classrooms.
5. Call 9-9-1-1 and identify the school site and exact location.
6. As Sheriff is in transit, relay the following information:
 - Is the suspect still on campus?
 - Where did he/she go?
 - Specific location of occurrence.
 - Number of wounded.
 - Description of weapons, dangerous objects, and any visible ammunition.
 - (Look for multiple weapons and report all weapons.) Describe sound and number of shots fired.

7. Keep the P.A. System on to provide instant announcements.

Hostage Situation

A hostage situation is any situation in which a person or persons are forced to stay in one location by one or more individuals. Weapons are usually in the possession of the hostage taker(s) and hostages are threatened with some degree of bodily harm should they not comply with the directives of the hostage taker(s). Certain demands are usually made of outside officials in return for the release of the hostages.

- All hostage situations are dangerous events.
- Principal: The principal or designated individual will assume command of the situation until the arrival of the Los Angeles County Sheriff Department. Campus Supervisors should work closely with the principal/administrative head/designee to ensure that this plan of action is safely achieved. School radios should be utilized when it is established that the hostage taker does not have one. If he does, radios should not be used.
- Lockdown: Appropriate actions should be taken to isolate the hostage taker and the victims that may be under his control. It is important that no additional individuals be exposed to the hostage taker.
- Evacuation: If the situation is contained, immediately evacuate the rest of the building and ensure that egress of students and personnel is done in a manner that they do not go near the area controlled by the hostage taker. All individuals should proceed to a designated evacuation location directed by The Sheriff Department, Campus Supervisors or Administration.

Re-entry: Ensure that no individuals enter or re-enter the building.

Contact 911: Immediately have a staff member contact 911 and give all available information to the dispatcher who will relay the information. Ensure that the caller remains on the line with the 911 dispatcher until The Sheriff Department actually arrives at the scene.

This will ensure that accurate, detailed information is relayed to responding officers and school officials can respond to requests of the police department.

Media: The Principal will handle all press matters as well as the dissemination of information to students and parents at the scene.

Armed Student in Class

Do not confront the student! Wait for Law Enforcement and Campus Security to arrive. Do not attempt to retrieve the weapon. Do not attempt to restrain or discipline the student. Remain calm and conversational with the armed individual.

Gang Fight/Riot/Threatening Group: Contact Campus Security or the Switchboard Operator. Wait for Campus Security to arrive. If there is fighting, do not try to break it up. Identify yourself and issue an order to disperse. Let Campus Security or Law Enforcement handle the situation.

(For Designated Staff): Call 9-9-1-1 and identify your school site and exact location. Stay on the phone with Law Enforcement until they arrive. Relay as much information as possible. Who and how many are involved? Specific location of occurrence? Number of wounded? Weapons involved? Any background knowledge of trouble or participants? Administer First Aid treatment to injured individuals when it is safe to do so. If possible, remove students from the area. Anticipate that a LOCKDOWN may be implemented to ensure students safety in the classroom. If students are out of class, direct them out of the danger zone. When appropriate have them to report to their next period class immediately. Do not physically disturb the area where the fight occurred. It is a crime scene. Provide the name of potential witnesses to the Campus Security or Law Enforcement. Attempt to calm students. Contact Campus Security or Law Enforcement with any rumors of potential conflicts or fights. Notify the District Office to request additional security staff.

Hostage Situation: Do not use words such as "hostage," "captives," or "negotiate". Remain calm, No confrontation, No challenges, No heroics. IF A CLASSROOM IS TAKEN HOSTAGE: Obey the suspect's commands. Don't argue or fight. Go into a rest mode. Be passive. Tend to display a more restful, sleepy behavior as opposed to being active. Try to calm the suspect and listen to complaints or demands. Once again, do not use words such as "hostage," "captives," or "negotiate". Keep the students calm and don't allow them to agitate the suspect. Ask permission of the suspect in all matters. Make an effort to establish rapport with suspect. Provide your first name. Find out his/her first name and use first names, including the student's first name, throughout the conversation. If you do not know first names, refer to the hostage(s) as boys, girls, men, women, or students. This will help personalize hostage(s) as people rather than objects. Encourage suspect to release everyone. KEEP ALL RADIOS, TELEVISION SETS, AND COMPUTERS TURNED OFF. If possible and without increasing risk to yourself, minimize any possibility that the suspect can hear or see "NEWS REPORTS." This could escalate the situation and keeping these devices off may help the situation. Be calm and patient and wait for help. Keep in mind that the average hostage incident lasts approximately six (6) to eight (8) hours and the average barricade incident last approximately three (3) hours. "TIME IS ON YOUR SIDE." Based on the situation and the age of the suspect, anticipate at the point of rescue that all "possible suspects" in the room will be handcuffed by the police department. The police will then make a positive identification of the suspect and release the victims. Anticipate a LOCKDOWN to protect student and staff members in their classrooms/offices.

Rape

Offer the victim care and first aid until authorities arrive. Protect the crime scene. Avoid destroying any evidence. Do not permit the victim to use the restroom or cleanse any areas of the body until instructed to do so by the law enforcement. Wait with the victim until the site administrator arrives. When possible, provide a same-sex employee to remain with the victim. Identify potential witnesses. If you talk to the victim prior to law enforcement arriving on the scene, restrict the conversation to immediate medical needs. If discussion occurs on the situation, speak only in general terms. DO NOT DISCUSS THE SPECIFICS of the case. It is better in court that the initial specific statements about the crime are recorded by the police department and are not heard second hand with you as the witness. Take steps to protect the victim's identity. Protect the "PRIVACY" and "Rights of Confidentiality" of the student and family. Confer with site administrator regarding contacting Child Protective Services.

Shooting/ Armed Assailant: At the first indications of shooting, sound of gunfire, loud cracking, popping, banging noises, windows

shattering, glass exploding in classrooms, bullets ricocheting:

Instruct students to drop to the ground immediately, face down as flat as possible. If you are within 15-20 feet of a safe position, duck and run for cover. Move or crawl away from gunfire, trying to create obstruction between you and the gunfire. **IMPORTANT: KEEP IN MIND THAT MANY OBSTRUCTIONS MAY VISUALLY CONCEAL YOU FROM THE GUNFIRE, BUT THEY MAY NOT BE BULLETPROOF AND WILL NOT PROTECT YOU FROM GUNFIRE.** Try to get behind or inside a building and stay down. When you reach a relatively safe area, stay down and do not move. Do not peek or raise your head. If possible, call the office from a classroom to report the situation. Listen for directions from law enforcement.

IF INSIDE CLASSROOM (WITH ASSAILANT OUTSIDE): Duck and cover. Keep students inside. Close and lock the outside door to the classroom. Close the blinds, turn off the lights, and stay on the floor. Call the office (if possible) to report location of the armed assailant.

OFFICE PERSONNEL: Duck and cover on the floor, making phone calls from this position. Keep students out of danger. Consider if a LOCKDOWN should be implemented to contain those students in their classrooms. Call 9-9-1-1 Identify your school site and exact location. As law enforcement are in transit, relay information: Is suspect still on-campus? Where did he/she go? Specific location of occurrence. Number of wounded. Description of all weapon(s), dangerous object(s) and any visible ammunition. **LOOK FOR MULTIPLE WEAPONS AND REPORT ALL WEAPONS.** Any shots fired? Describe the sound and number of shots fired. Keep the P.A. System on to provide instant announcements.

Bomb Threat/ Threat of Violence

Bomb Threat

All bomb threats must be taken seriously and carefully analyzed. The bomb report should be treated as genuine until investigated and until a search of the school has been completed. Begin your decision-making process by gathering as much information about the bomb report as possible.

When bomb threat calls are received the phone call recipient should:

- Keep the caller on the phone as long as possible and do not hang up
- Write down the caller ID number and the exact time of the call
- If a student is answering the phones, have an adult take the call if time permits
- Signal someone to alert the building administrator or designee
- Write down everything the caller said, use the bomb threat call sheet
- Make an educated guess as to the caller's sex, age, race, and accent
- Identify any background noises
- Even after the caller hangs up, keep the phone off the hook so the police can trace the call
- Discuss this matter only with administrators to ensure that misinformation does not cause panic

School administrators are faced with at least five possible alternatives:

1. Conduct a low-profile search of the exterior grounds and public areas of the building;
2. Conduct a comprehensive search having all staff search their work area, in addition to the grounds and public areas so the entire building is covered;
3. Search with partial evacuation;
4. Evacuate after searching; or
5. Evacuate immediately.

Searches:

- Start on the outside of the school and work inward
- When inside, start at the bottom and work up
- Search personnel always work toward each other
- Listen for background noises
- Consider not using hand held radios

Evacuating:

- Clear pre-designated evacuation areas
- Evacuate immediately after clearing egress routes and assembly areas
- Have school personnel keep students and staff calm

Bomb Threat: If available, immediately refer to the "Bomb Threat Checklist". Keep the caller on the line as long as possible. Ask him/her to repeat the message. If the caller does not indicate the location of the bomb or the time of the possible detonation, ask him/her for this information. If possible, have more than one person listen in on the call. Alert the principal/site administrator. Keep the matter confidential. Immediately complete the "Bomb Threat Checklist". If you find a suspicious device that you believe may be an explosive, **DO NOT TOUCH OR HANDLE THE OBJECT**. Immediately contact Campus Security, Law Enforcement or the principal/site administrator with the use of a hard wired "landline" telephone.

Campus Security and Law Enforcement personnel will assess the situation to determine if evacuation procedures are warranted. Be prepared to report the location and an accurate description of the suspicious device. If possible, check to see that all doors and windows are open. Expect Campus Security and Law Enforcement personnel to examine rooms. Anticipate being asked if you have seen any objects that are out of place or are in places where they do not normally belong. Identify potential witnesses.

Disorderly Conduct

Contact Campus Security or the Switchboard Operator. Wait for Campus Security to arrive. If there is fighting, do not try to break it up. Identify yourself and issue an order to disperse. Let Campus Security or Law Enforcement handle the situation. (For Designated Staff): Call 9-9-1-1 and identify your school site and exact location. Stay on the phone with Law Enforcement until they arrive. Relay as much information as possible. Who and how many are involved? Specific location of occurrence? Number of wounded? Weapons involved? Any background knowledge of trouble or participants? Administer First Aid treatment to injured individuals when it is safe to do so. If possible, remove students from the area. Anticipate that a LOCKDOWN may be implemented to ensure students safety in the classroom. If students are out of class, direct them out of the danger zone. When appropriate have them to report to their next period class immediately. Do not physically disturb the area where the fight occurred. It is a crime scene. Provide the name of potential witnesses to the Campus Security or Law Enforcement. Attempt to calm students. Contact Campus Security or Law Enforcement with any rumors of potential conflicts or fights. Notify the District Office to request additional security staff.

Earthquake

Earthquake: DURING THE QUAKE: At first sign of shaking, you should give the DROP command. If indoors, everyone should get under a desk or table. If that is not possible, stand next to an inside wall or under an inside doorway. Stay away from computers, televisions, stacks of books, file cabinets, and other heavy objects. Get as far away from the window(s) as possible. Drop to your knees with your back to the window(s) and knees together. Clasp one hand firmly behind your head, covering your neck. Wrap your other arm around a table or chair leg and hold tightly. Bury your face in your arms, protecting your head. Close eyes tightly. Remain in this position until the earthquake is over.

If outdoors, staff should direct students away from buildings, trees, poles and wires. Give the DROP command. Everyone should cover as much skin surface as possible, close eyes and cover ears. If students are on the way to or from school, instruct them to stay in the open away from buildings, signs, trees and wires. Do not run. After the quake, continue home or to school.

FOLLOWING THE QUAKE,

ANTICIPATE AFTERSHOCKS. Anticipate that all students and staff will be evacuated in an orderly manner using pre-planned evacuation routes. All teachers should take roll and note missing students or staff. Students should remain outdoors, in evacuation area, until buildings are declared safe. Be prepared to operate without first responder assistance for an unknown time. Retrieve medical supplies and treat the wounded. Keep in mind (1) the first concern is with physical safety; (2) attention can and should be given to the emotional trauma; (3) everyone will need facts; (4) everyone will need an opportunity to share feelings and experiences; (5) children need to be together with adults, friends or family members; (6) if possible, engage children in activities.

DROP, COVER and HOLD ON

What to do during an Earthquake:

- Protect yourself in the safest place possible without having to move far, no matter your limitations, you need to protect yourself as best as possible. The more limitations you have the more important it is to create safe spaces for yourself.
- Do not try to get out of the building during an earthquake! Most people are injured by other people or falling debris as they try to exit buildings during the shaking.
- DROP under a piece of furniture (desk or table) or against an inside wall (before the earthquake knocks you down).
- COVER under a desk or table if possible and protect your head and neck with one arm/hand.
- HOLD ON to a desk or furniture leg to keep it from shifting or uncovering you until the shaking completely stops.

DROP, COVER and HOLD ON tips for people with special needs:

- If you have difficulty getting safely to the floor on your own during the shaking. Stay as low as possible; protect your head and neck, moving away from windows or other items that can fall on you.
- If in a recliner or bed, do not try to move during the shaking. Stay where you are until the shaking stops.
- If in a wheelchair, lock your wheels and remain seated until the shaking stops.
- Always protect your head and neck with your arms, a pillow, a book or whatever is available.

Once the shaking stops:

- Check yourself for injury and stay close to and aware of the safe spaces in your environment.
- Be prepared for aftershocks.
- Look around for hazards (broken glass, objects in your way and fallen wires, etc.)
- Evacuate only if necessary, otherwise stay where you are and shelter in place.
- If told to evacuate, follow directions immediately

Fire on School Grounds

Fire & Explosion

Upon discovering a fire, explosion, or smoke in the building, activate the fire alarm system by pulling the nearest fire alarm box. Alert people in the immediate area of the fire/explosion and evacuate the area.

- Call ext. 217 or 0 and/or 9-911 and be prepared to give:
- School name and address
- Location of fire (room or building)
- Description of fire/explosion
- Do not use elevators during a fire emergency.

When the fire alarm sounds, complete evacuation is required. Walk, do not run, to the nearest identified exit and proceed out of the building. Consider the direction of the wind when determining your evacuation route. If an identified stairway contains smoke or fumes, use an alternate exit. Close doors and windows as you leave, if possible. The alarm may not sound continuously. If the alarm stops, continue the evacuation and warn others who may attempt to enter the building after the alarm stops. Never re-enter the building without notification from The Principal, Administration, Emergency Services or Security.

Leave the building and move away from it, leaving entryway, roadways, and walks open for arriving fire equipment. If smoke is in the immediate vicinity, instruct students and staff to "Stay low and exit, crawling to avoid breathing fumes. Do not return to the building until directed to do so by emergency personnel. All persons should move a safe distance from the building. If you cannot move far enough away from the building on your own, request assistance from emergency personnel. The injured should be treated as much as possible while awaiting Police or Fire. Maintain control of students and take roll. If you have been trained and it is safe to do so, you may attempt to extinguish a fire with a portable fire extinguisher. If you have not been trained, you must evacuate to a safe location.

Security will assist emergency personnel. Building staff will be needed to allow emergency personnel access to affected areas and should make themselves available upon arrival of the fire department. Everyone must follow the orders of the emergency personnel when they arrive.

Notify emergency personnel on the scene if you suspect someone may be trapped inside the building.

Fire/Explosion: In the event of a significant fire, activate the fire alarm and call 9-9-1-1. The injured should receive First Aid treatment as much as possible while awaiting first responders. Anticipate an evacuation away from threatened buildings using the designated evacuation routes. Keep in mind the direction of the wind when determining your evacuation route. Maintain control of students and take roll. If smoke is in the immediate vicinity, instruct students to "Stay low and exit," crawling to avoid breathing fumes. If no escape is possible, close as many doors as possible between yourself and the fire. Seal cracks and openings with wet clothing/rags and avoid fanning flames. Lay on floor to avoid smoke. Wait for help. Identify witnesses. Anticipate being transported to alternative location.

Motor Vehicle Crash

Accidents: If an accident happens near campus or if a student or staff member is seriously injured call the Switchboard. Identify your exact location. Remain calm and respond to the situation.

Opioid Overdose

What are the signs of an opioid overdose?

During an overdose, a person's breathing can be dangerously slowed or stopped, causing brain damage or death. It's important to recognize the signs and act fast, even before emergency workers arrive. Signs of an overdose may include:

- Small, constricted "pinpoint pupils"
- Falling asleep or loss of consciousness
- Limp body
- Slow, shallow breathing
- Choking or gurgling sounds

What to do if you think someone has overdosed on opioids:

1. Call 911 immediately.
2. Give naloxone as quickly as possible, if available. Do not wait for emergency workers to arrive before giving naloxone.
3. Try to keep the person awake and breathing.
4. Lay the person on their side to prevent choking.
5. Stay with the person until emergency workers arrive.
6. Naloxone is a temporary treatment. More than one dose might be needed under some circumstances, especially if an overdose event involves illicitly manufactured fentanyl and fentanyl-related substances.

How to use NARCAN Nasal Spray:

Step 1. Lay the person on their back to receive a dose of NARCAN Nasal Spray.

Step 2. Remove NARCAN Nasal Spray from the box. Peel back the tab with the circle to open the NARCAN Nasal Spray.

Step 3. Hold the NARCAN Nasal Spray with your thumb on the bottom of the red plunger and your first and middle fingers on either side of the nozzle.

Step 4. Tilt the person's head back and provide support under the neck with your hand. Gently insert the tip of the nozzle into one nostril until your fingers on either side of the nozzle are against the bottom of the person's nose.

Step 5. Press the red plunger firmly to give the dose of NARCAN Nasal Spray.

Step 6. Remove the NARCAN Nasal Spray from the nostril after giving the dose.

Step 7. Get emergency medical help right away.

- Move the person on their side (recovery position) after giving NARCAN Nasal Spray.
- Watch the person closely.
- If the person does not respond by waking up, to voice or touch, or breathing normally another dose may be given. NARCAN Nasal Spray may be dosed every 2 to 3 minutes, if available.
- Repeat Steps 2 through 6 using a new NARCAN Nasal Spray to give another dose in the other nostril. If additional NARCAN Nasal Sprays are available, Steps 2 through 6 may be repeated every 2 to

minutes until the person responds or emergency medical help is received.

Step 8. Put the used NARCAN Nasal Spray back into its box.

Step 9. Throw away (dispose of) the used NARCAN Nasal Spray in a place that is away from children.

Psychological Trauma

Suicide Threat

Definition – A suicide threat is a verbal or non-verbal communication that the individual intends to harm him/herself with the intention to die but has not acted on the behavior.

- The staff member who learns of the threat will locate the individual and arrange for or provide constant adult supervision.
- The above-mentioned staff member will immediately inform the principal/designee.
- The principal/designee will involve student services/counseling staff, school nurse practitioner or other trained mental health professional in their absence.

- The appropriate staff or approved agency provider will determine risk and intervention needed by interviewing the student, and gathering appropriate supportive documentation from teachers or others who witnessed the threat.

The principal/designee will:

- Contact the parent/guardian, apprise them of the situation and make recommendations. Most often it is the person conducting the interview who contacts the parent/guardian.
- Put all recommendations in writing to the parent/guardian. [Depending on District policy this may be through certified mail, email delivery confirmation, a parent/signature "sign off" of recommendations sent home to be returned the next day or other approved communication procedure.]
- Mail the recommendation through certified mail if there is any question or doubt of the parent/guardian receiving the recommendations.
- Maintain a file copy of the letter in a secure and appropriate location.
- If the student is known to be currently in counseling, the principal/designee will attempt to inform their treatment provider of what occurred and the actions taken.

Note: If a threat is made during an after-school program, and no school Administration are available, call 1-800-SUICIDE. Inform the principal of the incident and actions taken.

Suicide/Threat: Suicide rarely happens without some warning to someone. Staff and faculty need to take all comments about suicidal thoughts seriously, especially if details of a suicide plan are shared. Verbal Suicide Threat: If a student suggests he/she is thinking about committing suicide in the near future: LISTEN! SHOW YOU CARE! GET HELP! Trust your feelings that this student may be self-destructive. Do not leave the student alone. Notify Campus Security or Law Enforcement. They will contact the counselor and/or school psychologist. Under no circumstances should an untrained person attempt to assess the severity of suicidal risk. The counselor/psychologist will notify the student's parent, guardian or other emergency contact.

When a Student is Threatening Suicide on Campus and has a Lethal Weapon Available: Stay with the student. Remain calm. Get vital information if possible. Clear other students from the scene. Assure the student that he or she has done the right thing by talking to you. Get the student to talk. Listen! Listen! Listen! Repeat back! Speak in a calm low voice. Make a mental note of what the student says. Monitor the student's behavior constantly. Try to get the student to agree to a verbal "no suicide" contract. ("I will not kill myself before talking to a counselor.") When it is deemed appropriate, the Incident Command Post (ICP) will be set up away from the affected area to provide effective coordination of ongoing response efforts during a critical campus incident.

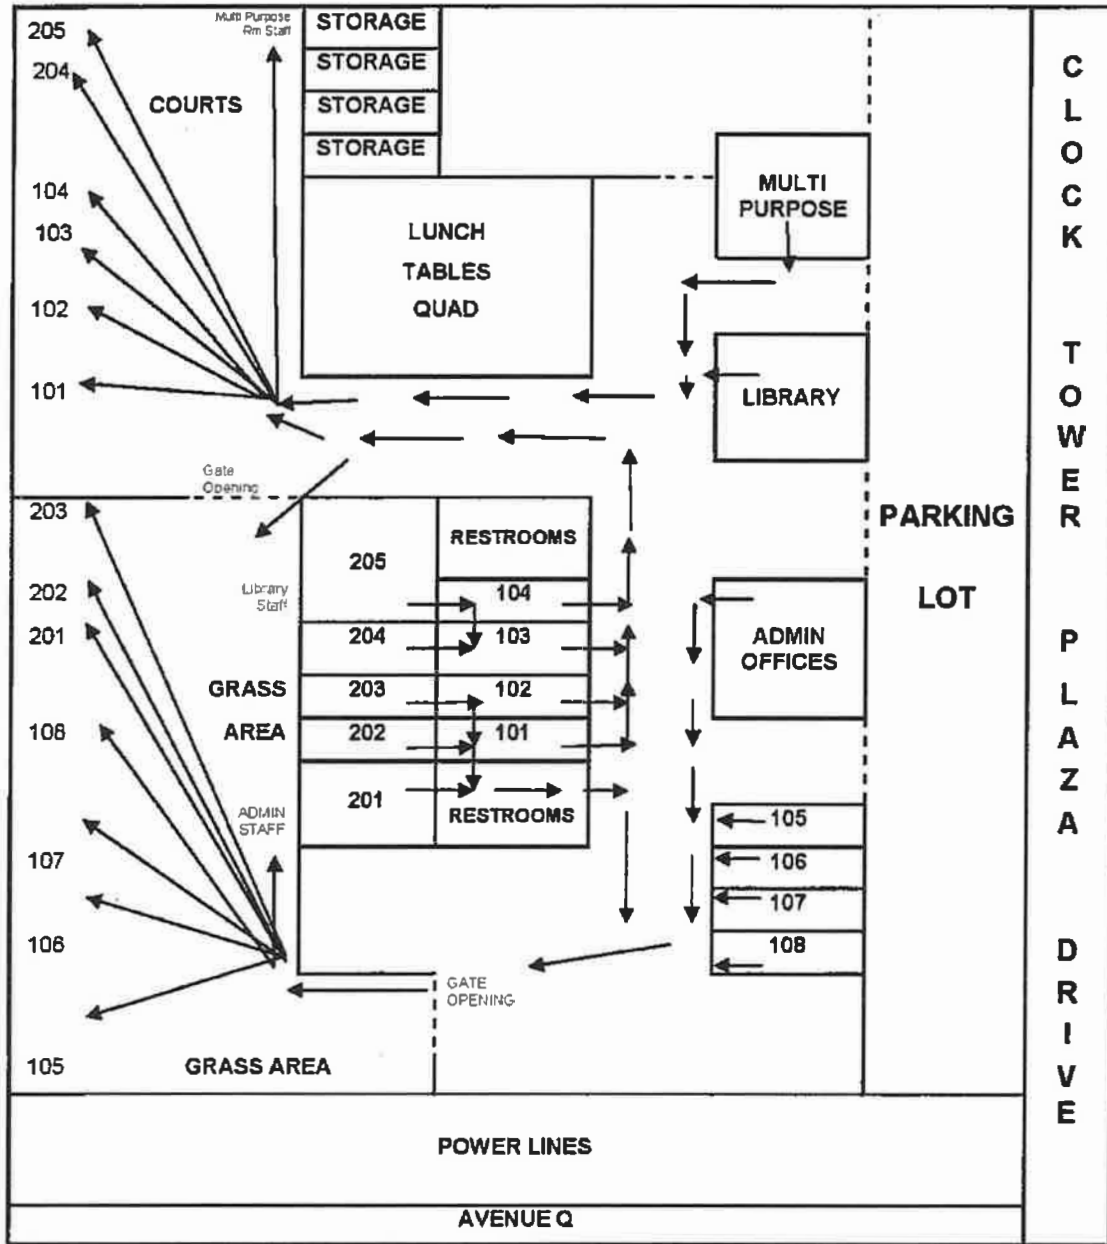

Additionally, an off-site Emergency Operation Center will be set up in conjunction with Local Law Enforcement when deemed appropriate to assist with coordination of response management and resource allocation.
